Governor Gray Davis
State Capitol
Sacramento, CA 95814

RE: CALFED

Dear Governor Davis:

Please strongly support our environment in the CALFED review process. We need to invest in water efficiency and the restoration of our rivers and fisheries. We need to improve water quality by putting polluters out of business. No new dams. It is time to say no to unscrupulous developers and business interest.

Thank you for taking care of California, and helping maintain it as the "Golden State".

Sincerely,

Kent W. Gallagher
